

PROCEED O

Foreword

For I dipt into the future far as human eye could see. I saw the vision of the world, and all the wonders that would be.

Molds for your future have been set during your years at LCHS. If this book, in some way, will help you to recall the many events and challenges in this 1963-64 school year and the way in which those events have molded your future, the purpose of this yearbook will have been fulfilled.

THE PROCEDO STAFF

Dedication

To Mrs. Francis Jenkins, a dear friend and teacher, who has given us friendship and help whenever we have needed it. To a Librarian who has been understanding and helpful when we have needed information for reports, and who has been patient in waiting for the return of the books we borrowed.

We would like to show our appreciation and admiration for the many things you have done for us that were above and beyond the call of duty, by dedicating this, our 1964 Procedo, to you. You will forever have a special place in our memories.

Superintendent Message

The value of this book is not really appreciated until some years later when it becomes a treasure. Likewise, the value of your education is only going to be realized at some future date. Realized in the sense of satisfaction or lack of satisfaction, depending on your attitudes and applications now. It is our sincere hope that both are treasures twenty years from now.

Superintendent - Claude O. Case

Principal's Message

Now that you are graduated from high school, all eyes are turned in your direction. Will you further prepare yourself for one of the many vocations that are offered to you through further training, or has your formal education ended? To you who plan to further your education, may I say to you that you are living in one of the most opportune times since the dawn of civilization. Everyone in his respective field is begging for those who have properly prepared themselves. You can be just what you want to be, but it will take a lot of hard work. To you who have completed your formal education, we, your teachers, hope that you have better prepared yourselves to meet the needs through our efforts. We hope the tools, as limited as they be, do not rust but will ever have a luster from a constant use at your command.

I believe

As a high school girl I should be joyous, courageous, courteous, truthful, considerate, just, loyal, sincere in friendship, too noble to speak ill of others, willing to forgive and forget, prompt, gracious in obedience, ready to do all possible service, quick to appreciate what is done for me, and true to the best that is within me THAT I MAY BECOME A FINE AND WORTHY WOMAN.

Publication of La Center WILDCAT WIRES gives all students with journalistic interest an opportunity to write current school news and editorials of interest to our students. Through exchanges we receive up-to-the-minute news from other schools. While we have no class in journalism per se--students volunteer for activity assignments and use their initiative to bring in news which represents their organizations. Some of the skills attained in reporting are curiosity, awareness, promptness, accuracy, attention to detail, use of good English, typing skill, and co operation with others. This year our staff numbers 45 acting in the capacity of reporters, artists, and production crew. Mrs. Reed is the advisor for WILDCAT WIRES.

Band

This is our concert band which has participated in many of the school affairs. They received a superior rating in the competition with Southwest Washington Music Festival. Several of the members were chosen to be members of the Honor Band.

They have presented a Fall Concert, performed in the variety show, April Holiday, and at games.

Both Concert Band and Stage Band are under the direction of Mr. Gary Cleasby.

The stage band has been an active, enthusiastic group. They entered the Southwest Washington Stage Band Contest and three of the group were chosen to play in the Honor Stage Band.

They journeyed to Bremerton to play in State Stage Band competition and were well received.
